III. BACKGROUND

The Workforce Innovation & Opportunity Act of 2014 is the nation's principal workforce development legislation. WIOA Title I-B formula funds allocated to local Workforce Development Boards for Adults and Dislocated Workers must be used to provide individualized and training services through the Workforce Center delivery system. Local workforce areas may use grant funds to provide services to individuals who are 18 years of age or older and meet the federal Workforce Innovation & Opportunity Act (WIOA), Title I-B Adult eligibility definitions, or meet the federal Workforce Innovation & Opportunity Act, Title I Dislocated Worker eligibility definitions.

The local Board has the responsibility to manage and oversee the administration and implementation of WIOA programs and services. Each Local Area has a structure in place to administer WIOA Title I-B funds.

All parties contracting with the local Board must comply with the U.S. Department of Labor (USDOL) regulations and any other interpretations published by the USDOL. Funds available under WIOA Title I-B are authorized under and administered under N.C.G.S. 143B-438.13, July 1, 1999. Administration and operation of this program is subject to compliance with the federal Workforce Innovation & Opportunity Act of 2014; North Carolina policies and procedures as issued from the Department of Commerce, Division of Workforce Solutions (DWS); and local policies and procedures as issued by the local Board (which provides oversight for these funds). Funded proposals will be required to meet specific Federal, State and Local guidelines for participant outcomes and program performance.

IV. WORKFORCE CENTER STRUCTURE AND FUNCTIONS

The local Board coordinates comprehensive programs through private and public partner organizations to assist job seekers and employers in achieving their goals. These programs and initiatives are critical in developing a skilled, educated and vital workforce in the region. The local Board's goal for its NCWorks Career Centers is to positively impact economic development by increasing the competitiveness of the workforce.

The bidder awarded the contract for services outlined in this RFP will be responsible for the provision of WIOA services for job seekers and employers, in partnership with local Division of Workforce Solutions (DWS) staff providing Wagner-Peyser services.

The selected WIOA Contractor will be responsible for overseeing WIOA services, employer services, and staff roles and responsibilities at the NCWorks Career Centers in Davidson County. All customers should be continuously engaged from welcome through employment.

To ensure a seamless approach to customer service, a **Center Manager** will supervise the functional duties of all activities that take place in the NCWorks Career Center. The Center Manager has jurisdiction over staff only with regard to NCWorks Career Center activities. All personnel issues will be handled by staff members' employer of record. The awarded Contractor

will be expected to coordinate all WIOA services with DWS staff within the NCWorks Career Centers.

The NCWorks Career Centers in Thomasville and Lexington operate on a full-time basis (8AM – 5PM), Monday through Friday.

In the event of staff turnover, the Contractor will replace staff within a maximum of 60 days. The DavidsonWorks Workforce Development Board shall be informed of any staff turnover and be provided information on new hires. Services must be covered while interviewing and hiring functions are taking place.

Refer to Section V, Item E- Historical Staffing Information to understand the expectations for which roles the Contractor will be required to fill. In the Narrative response, be sure to adequately address how you will use the budgeted dollars to appropriately staff the Centers.

While DavidsonWorks does not maintain a standardized list of approved training programs, it is expected that customers will exit training with an *industry-recognized credential* that will lead to employment within the *local area*. When considering training, each individual's assessment results and employment/training plan should be evaluated to determine success rate of training completion and successful employment of previous customers. DavidsonWorks has set as a goal

that 80% of training enrollments will be in identified, high-growth occupational clusters; this goal has been exceeded for more than ten years. Identified high-growth occupational clusters for the local area include: allied health, advanced manufacturing, and transportation and logistics.

Other sources of training funding, such as Pell Grants, Scholarships, or other financial awards are expected to be utilized prior to the use of WIOA funds. Training services may be provided to an individual who meets the qualifications while an application for a Federal Pell Grant is pending. Contractors will use *NCWorks Online* as a source for eligible training providers available to participants receiving training funding.

C. Program Management Requirements

1. Case Management and Service Tracking Software

North Carolina uses a web-based software product, *NCWorks Online*, to support WIOA. The software was specifically developed to provide an automated client intake, tracking, case management and reporting system for WIOA. The *NCWorks Online* MIS System will fulfill the functions of eligibility determination and certification, comprehensive case management, and reporting participant outcomes.

The system is browser-based, provides security for participant records, and will provide reports, which will be accessible to the WIOA Contractor and the local Board. Contractors will use this system to input data and maintain program information. It is encouraged that all entries be made within five working days of the action or event for each participant but in no case more than 10 working days of the activity.

The *NCWorks Online* MIS tracking system is designed to track all customers and services provided at the Center. Contractors are expected to correctly track the full range of services that they provide.

2. Data Validation

The awarded Contractor will be provided training and data validation guidelines once they are released by the State. The awarded Contractor is expected to comply with those guidelines.

3. Staff Development

Engaged front-line customer service staff is the critical component for delivering great customer service. It is imperative that staff is well-trained, friendly, professional, and highly knowledgeable. Staff must have a strong commitment to customer service. They also need to have strong organizational skills, attention to detail, and a working knowledge of current economic and workplace trends. This forms the basis for their ability to properly counsel jobseekers about skills and training that will result in employment.

Staff training will be provided through Center staff cross-training during Center meetings; NCWorks Training Center workshops; webinars; attending conferences; and Local Area or Regional trainings.

4. Staff/Customer Ratio

The awarded Contractor will serve participants who are currently enrolled or in follow-up, and will enroll new participants. The Contractor is expected to maintain a relatively constant number

of active participants throughout the program year. Customer flow from the last three years indicates that the two NCWorks Career Centers in Davidson County (Lexington and Thomasville) served an average of 8,665 customers per year, combined. As of March 1, 2021, there are 126 Adults and Dislocated Workers enrolled in WIOA core services; 57 of those are enrolled in short-term and long-term training.

5. Performance Measures

The Workforce Innovation & Opportunity Act establishes a comprehensive performance accountability system in order to optimize the return on investment of Federal funds *and* to assess the effectiveness of Local Areas in achieving continuous improvement.

These are minimum core indicators of performance for the Adult and Dislocated Worker Programs and proposers should be prepared to collect data pertaining to these indicators:

- Employment Rate 2nd Quarter after exit
- Employment Rate 4th Quarter after exit
- Median Earnings
- Credential Attainment within 4 Quarters
- Measurable Skills Gain

For more information on calculating federal performance measures, please refer to the Department of Labor, Employment and Training Administration Employment Guidance Letter 10-16, Change 1.

Complete the WIOA Planned Outcomes documents of additional required measures.

6. Equal Employment Opportunity (EEO)

The Program Applicant (hereinafter referred to as the “Contractor”) assures compliance with Section 188 of the Workforce Innovation & Opportunity Act; Age Discrimination Act of 1975; Section 504 of the Rehabilitation Act of 1973; the American with Disabilities Act of 1990; Title IX of the Education Amendments of 1972; and Title VI and Title VII of the of the Civil Rights Act of 1964 which govern the Contractor’s responsibilities in upholding laws pertaining to equal opportunity employment.

All participants and staff will be informed of EEO policies and guidelines and the name of the EEO Officer during a formal orientation prior to participating in any WIOA-funded activity. The Contractor is required to develop and adhere to affirmative action policies.

All grievances and complaints submitted by WIOA participants involving allegations of discrimination, violations of the WIOA, or criminal fraud, abuse or misconduct must be processed according to the local Board’s Grievance/Complaint Procedures.

7. Internal Program Management

All WIOA Contractors are required to establish internal program management procedures to assure compliance and to review program progress. The Contractor agrees to monitor and review the following major areas of operation:

1. Compliance with the provisions of the Workforce Innovation & Opportunity Act (P. L. 105-220) and regulations or any applicable federal or state regulations;

2. Compliance with the provisions of the WIOA contract;
3. Compliance with all applicable State and local Board policies; and
4. Compliance with WIOA Regulations regarding records maintenance.

The internal program management and monitoring procedures must be sufficient to prevent fraud and abuse. All reports of information creating suspicion of, or instances of criminal misconduct, fraud or willful and gross misconduct, in connection with any WIOA Program shall be reported immediately to DavidsonWorks, the North Carolina Division of Workforce Solutions, and the U.S. Department of Labor.

Internal program management procedures must also ensure that auditable and otherwise adequate records are maintained to support the eligibility of all WIOA participants and confirm adherence to specific program requirements and limitations. DavidsonWorks WDB will require that WIOA Contractors adhere to their established monitoring procedures for ensuring program compliance with federal regulations.

8. Monitoring Procedures

DavidsonWorks Board staff monitors and evaluates the quality and effectiveness of WIOA funded programs. Monitoring is the quality control system whereby the WDB gathers and analyzes information to detect problems, identifies strengths and weaknesses, and proposes improvements to the program. Monitoring activities are conducted periodically to determine whether programs are in compliance with contractual agreements, local Board policies, WIOA Regulations, and local Board requirements. The Board monitors performance, programmatic, and fiscal activities. In many instances, the different types of monitoring are interrelated, and conducted simultaneously.

Oversight and monitoring is required by 20 CFR 667.410. Contractors must cooperate with any monitoring, inspection, audit or investigation of activities related to WIOA contracts. This cooperation includes providing access to the premises for the purpose of interviewing employees or participants and permitting the examination of, and/or photocopying of books, records, files, or other documents related to the contractual agreement. Monitoring activities may be conducted by: the North Carolina Division of Workforce Solutions, the State of North Carolina, the U.S. Department of Labor, and the local Board or its designated representatives.

9. Priority of Service and Basic Eligibility

The local board follows the WIOA guidelines of providing a priority of service for veterans, low-income recipients of public assistance, other low-income individuals, and individuals who are basic skills deficient in the provision of individualized career services. DavidsonWorks has a local policy and will share it with the grantee. In your response, please address how you would serve all of these groups.

Services should be targeted for individuals residing in the Local Area. However, due to the physical geography of our region, there may be instances when residents of adjacent counties may wish to receive WIOA services outside their county. DavidsonWorks, as a member of TriadWorks, considers it good customer service to allow this. It is also common courtesy to notify the adjacent workforce area so they are aware of customer migration. **Note: Priority of service gives precedence to customers who reside in Davidson County.** All adult participants must reside in North Carolina at the time of application. Dislocated workers that have been

displaced from businesses located in North Carolina but reside in another state may choose to pursue WIOA services in North Carolina.

The *basic* eligibility requirements are:

- To be eligible in the Adult and Dislocated Worker program, an individual must be 18 years of age or older; a US citizen or eligible non-citizen; and if a male, must comply with the Military Selective Service Act.
- Eligible Adults must be unemployed at the time of application or if employed has earned less than the self-sufficiency level as defined by the local Board.
- Eligible Dislocated Workers must meet the definition of “dislocated worker” at WIOA section 101(9).

The DavidsonWorks Workforce Development Board has developed and oversees two (2) fully integrated, comprehensive NCWorks Career Centers in Davidson County; one in Lexington and one in Thomasville. Both Centers are staffed on a full-time basis by workforce staff, DWS staff, and additional partners as specified in the WIOA legislation. Please note that your staff must maintain a **physical presence and a service strategy for both locations in Davidson County.**

E. Staffing Information

The NCWorks Career Centers in Lexington and Thomasville are staffed full-time by a mix of WIOA and DWS staff (as well as other partners). All three functional areas are present at both centers.

Activities include, but are not limited to, skills analysis, assessment testing, supportive services assistance, career counseling, soft skills training, linkages to partner services, and referrals and sponsorship for occupational skills training.

Staff provides services that connect employers and job seekers through a variety of activities including recruitment, labor market data, worker dislocation services, career fairs, interview days, and many other activities/services.

The DavidsonWorks WDB requires that contractor provide staff to adequately and efficiently maintain customer-focused NCWorks Career Centers in Thomasville and Lexington. Contractor will be responsible for providing staffing for: WIOA services, including welcome and registration (Talent Engagement); intensive and training (or case management) staff (Talent Development and Talent Employment Solutions); and center manager. In order to maintain positive customer experience and outcomes, current WIOA staff include: (2) Talent Engagement or welcome center staff per location (4 total) and 3 Talent Development or case management staff split between the two locations. Talent development staff, in collaboration with Board staff have maintained the functions of the Talent Employment Solutions staff as well as the function of Center Managers in both locations. In addition to other duties, a combination of these positions also develop and facilitate workshops for job seekers in the two NCWorks locations.

Contractors are expected to operate full time Centers in both Thomasville and Lexington, and the DavidsonWorks WDB expects compliance with comprehensive center standards at both locations.

Historical staffing levels are for informational purposes only; you are encouraged to submit a staffing plan that matches your program design and budget. Please note that services are not required to be offered at the current Center locations if contractor already has another established location. Any movement of locations will be discussed during contract negotiations.

VII. TERMS OF SELECTION

The DavidsonWorks Workforce Development Board reserves the right to accept or reject any or all proposals received. The Board reserves the right to waive informalities and minor irregularities in offers received. All solicitations are contingent upon availability of funds. The Board reserves the right to request additional data or oral discussion or documentation in support of written offers.

Any bidder may be requested to make an oral presentation of their proposal(s) to the Board. Board staff will schedule the time and location for these presentations, if required.

VIII. PROGRAM PERIOD

The program-funding period is from July 1, 2021 through June 30, 2022. Continuation beyond June 30, 2022 is subject to future funding and legislative authority. Based on funding availability, the option exists to extend the contract for two additional years beginning July 1, 2022, with the opportunity for re-negotiation, to be initiated in writing by the local Board at least sixty days before the expiration date of the first-year contract.

In order for the local Board to exercise its second and/or third year option, the Contractor must meet performance requirements as outlined in the contract documents. However, the local Board is not bound to exercise a second and/or third year contract solely on stated performance criteria. With sufficient justification, the local Board can renew an annual contract for two additional

years without benefit of competitive procurement, not to exceed a total of three years. Each renewal shall be limited to a one-year period.

IX. TYPE OF CONTRACT

The type of contract entered into by the awarded Contractor for the services outlined in this RFP is a cost-reimbursement contract that provides for payment to the contractor of a negotiated fee that is fixed at the inception of the contract.

The fixed fee does not vary with actual cost, but may be adjusted as a result of changes in the work to be performed under the contract.

The Contractor is expected to make, in a timely manner, all payments on behalf of customers (such as tuition, supportive services, work experience payroll, OJT reimbursement, etc.)

Based on funding availability, the local Board may extend a contract if it appears to be in the best interest of the WIOA Program and is agreeable with the Contractor. Similarly, the training slot levels and/or number of participants served and/or associated costs may be modified at any time during a contract period by executing a contract modification agreement signed by both parties.

Contractor may not subcontract any or part of the services for which they seek award.

X. APPEAL PROCEDURES

Appeals by proposing organizations denied funding are limited to procedural appeals only; such appeals shall be based solely on allegations of irregularities in the solicitation and awards procedure and not on the relative merit of the offers submitted. If a bidder believes to have been harmed by the violation or misapplication of procedure or regulation of this program, the bidder has the right to file a grievance. This grievance should be filed according to the written Procurement Appeals Policy established by the local Board.

XI. GENERAL PROVISIONS AND REQUIREMENTS

2. Ownership of all data, material, and documentation originated and prepared by the Contractor under the terms of the contract shall belong exclusively to the local Board.

5. Any changes to the WIOA Program, the State of North Carolina WIOA Plan, or the local Board WIOA Plan, may result in a change in contracting and requirements. In such instances, DavidsonWorks will not be held liable for what is in the offeror's proposal or this Request for Proposal package.
 6. Each offeror submitting a proposal will be notified in writing of DavidsonWorks' WDB decision concerning its proposal.

Additional funds received by DavidsonWorks may be contracted by expanding existing programs and contracts, or by consideration of proposals not initially funded under this RFP, if such proposals were rated in the competitive range. These decisions shall be at the discretion of the DavidsonWorks Workforce Development Board.
 11. DavidsonWorks WDB may decide not to fund part or all of a proposal even though it is found to be in the competitive range if, in the opinion of the Board, the services proposed are not needed, or the costs are higher than the Board finds reasonable in relation to the overall funds available, or if past management concerns lead the Board to believe that the Contractor has undertaken more services than it can successfully handle.
 12. If through the negotiation process, it becomes evident that the proposed Contractor may not be able to fulfill contract expectations, the Board reserves the right not to enter into contract with the organization, regardless of Board approval of the offeror's proposal.
 13. DavidsonWorks is required to abide by all WIOA legislation and regulations. Therefore, the Board reserves the right to modify or alter the requirements and standards as set forth in this RFP based on program requirements mandated by state or federal agencies.
 14. Contractors will be expected to adhere to Board procedures to collect, verify and submit any required monthly or quarterly reports as well as monthly invoices to the Board.

15. All grievances arising out of the WIOA or this RFP must be filed according to the Board's established grievance procedures.

No individual in the Local Area may be excluded from participation in, denied the benefits of, or subjected to discrimination under any WIOA-funded Program or activity because of race, color, religion, sex, national origin, age, disability, or political affiliation or belief.
17. Contractors must accept liability for all aspects of any WIOA Program conducted under contract with the Board. Contractors will be liable for any disallowed costs or illegal expenditures of funds or program operations conducted.
18. Reductions in the funding level of any contract resulting from this solicitation process may be considered during the contract period when a Contractor fails to meet expenditure, participant, and/or outcome goals specified in the contract or when anticipated funding is not forthcoming from the federal or state governments.
19. Contractors will allow access to all WIOA records, program materials, staff, and participants to local, state, and federal representatives. In addition, Contractors are required to maintain all WIOA records for five years from the last day of each program year.
20. The DavidsonWorks Workforce Development Board encourages all interested bidders to attend the Bidders Conference. While every effort has been made to include all necessary information, specifications and examples, the need for clarification or interpretation is recognized as a possibility. This is the forum the Board has selected to answer questions so that all interested parties will have the benefit of the same answer. **See Section VI. of this RFP for specific information on the Bidder's Conference.**

The Contractor must assure that in the instance where excess cash is on hand that it will be tracked, and any interest resulting from the cash on hand will be properly tracked and used for WIOA operations as program income. If it is determined that excess cash is on hand, the Contractor may be required to issue a check in the amount of the excess cash.
